UDA Needs Profile: Amelia Courthouse

The Amelia Courthouse UDA is located at the junction of Business 360 and Route 28 in Amelia County.

**Location Characteristics**

- **PDC** – Richmond Regional PDC
- **UDA Size** – 1.4 square miles
- **Year Designated** – 2011

**Comprehensive Plan Detail** - The Amelia County Revised Comprehensive Plan (2005) designated the Amelia County Courthouse area as the county's primary Village Development Area. The County will make the Courthouse area its top priority for utility and other major infrastructure improvements in order to concentrate growth of major residential and commercial developments. In the plan, Village Development Areas are defined as lands which are either within a designated utility service area (for public water or sewer) of the village, or which are very close and convenient to a village proper. The Village Development Areas are generally appropriate for residential, business, and limited industrial development of medium and higher densities, in concert with available public utilities.

**Geographic Location**

UDA Needs Profile

The town of Blackstone, located in Nottoway County is situated in the central part of the Commonwealth. Three UDAs were designated within the town boundaries in 2016 and are bounded by route 460 to the north and bisected by route 40.

Location Characteristics

PDC – N/A
UDA Size – 1.3 square miles
Year Designated – 2016

Comprehensive Plan Detail - All three UDAs identify areas that are appropriate for higher density development of at least four single-family residences and an authorized floor area ratio of at least 0.4 per acres for commercial development. The areas designated as UDAs will also incorporate principles of traditional neighborhood development (TND) into future development such as walkable neighborhood centers, interconnected streets and blocks, diversity of land uses, job accessibility, and a variety of travel options such as biking, walking, and public transportation.

UDA Needs Profile: Urban Growth Area

The Urban Growth Area is one of two UDAs located in Dinwiddie County, located in the northeast quadrant of the county along the I-85 and US 1 corridors, southwest of the city of Petersburg.

Location Characteristics

PDC – Crater Planning District Commission
UDA Size – 0.3 square miles
Year Designated – 2012

Comprehensive Plan Detail - Building on the urban development area concept, Dinwiddie County created a Mixed Use (MU) Zoning District. The MU is intended to promote compact, mixed use development within the county's urban and planned growth areas, as shown on the County's Comprehensive Plan, especially along major roadways and near major street intersections; traditional neighborhood design that integrates a mix of uses including commercial, residential, civic, and open space uses, including (i) a variety of housing types; (ii) a system of interconnected streets with sidewalks, bikeways, and transit accommodations and the connection of those streets to existing streets and developed areas; and (iii) higher density development.

UDA Needs Profile: Innsbrook Area

Innsbrook is a census-designated place in Henrico County. The UDA area is bound by I-295 on the northwest, I-64 to the south, and the neighborhoods to the east bordered by Springfield Road.

Location Characteristics

- **PDC** – Richmond Regional PDC
- **UDA Size** – 2.1 square miles
- **Year Designated** – 2010

**Comprehensive Plan Detail** - Henrico County has designated the land northwest of Richmond known as the Innsbrook Area as an Urban Development Area (UDA). Several land use classifications could be appropriate for the desired development in this UDA, including multi-family residential, Traditional Neighborhood Development, Urban Mixed Use, commercial, and public uses.

</tbody>
</table>

Comprehensive Plan Detail - The Powhatan County 2010 Comprehensive Plan designates three key locations as Urban Development Areas (UDAs). These locations - Route 711 Village, Route 60 East, and Courthouse Village - will accommodate the majority of future growth in a compact development pattern based on New Urbanist principles, while still maintaining the rural community character of Powhatan County. Transportation recommendations are coordinated with the land use to provide for improved connectivity standard and a road network that meets the requirements of these statutes as well as the local needs of the community.

**Highest Rated Overall Needs within UDA**

Localities ranked transportation needs within their UDAs (1 being the highest need, to 4 the lowest)

- Access to transportation networks beyond the UDA
- Friendly pedestrian and bicycle environment
UDA Needs Profile: Route 60 Corridor East

The Route 60 Corridor East UDA is located in the eastern portion of the Powhatan County centered on Route 60, and extends southward along the Chesterfield County border and bounded by other natural features.

Location Characteristics
- **PDC** - Richmond Regional Planning District Commission
- **UDA Size** - 1.1 square miles
- **Year Designated** - 2010

**Comprehensive Plan Detail** - Powhatan County has designated three key locations as Urban Development Areas (UDAs). These locations - Route 711 Village, Route 60 East, and Courthouse Village - will accommodate the majority of future growth in a compact development pattern based on New Urbanist principles, while still maintaining the rural community character of Powhatan County. These areas are in close proximity to services and offer the greatest opportunities for development. These locations are expected to accommodate higher density development than the rural areas, and offer support services and business growth opportunities within the County.

Geographic Location

Socio-Economic Characteristics

- **Friendly pedestrian and bicycle environment**
UDA Needs Profile: Courthouse Village

The Courthouse Village is both the historic and government center for the Powhatan County. The UDA, with village and commerce centers at major intersections along Route 60, serves as a natural civic-oriented village center for this area.

Location Characteristics

PDC – Richmond Regional Planning District Commission
UDA Size – 5.2 square miles
Year Designated – 2010

Comprehensive Plan Detail - Powhatan County has designated three key locations as Urban Development Areas (UDAs). These locations - Route 711 Village, Route 60 East, and Courthouse Village - will accommodate the majority of future growth in a compact development pattern based on New Urbanist principles, while still maintaining the rural community character of Powhatan County. These areas are in close proximity to services and offer the greatest opportunities for development. - Access to transportation networks beyond the UDA
- Friendly pedestrian and bicycle environment
UDA Needs Profile: South Hill

The South Hill Town UDA is close to downtown and major destinations, including the Community Memorial Health Center, and in close proximity to I-85 and Route 58.

Location Characteristics

- **PDC** – Southside Planning District Commission
- **UDA Size** – 0.1 square miles
- **Year Designated** – 2012

Comprehensive Plan Detail - To accommodate Mecklenburg County’s projected 20-year growth, the Town of South Hill has one UDA within the town. The UDA is close to downtown and major destinations, including the Community Memorial Health Center and Interstate 85. The character of development in the UDA will be consistent with the principles of Traditional Neighborhood Design.

UDA Needs Profile: All UDAs

Goochland County designated six Designated Growth Areas in 2015: Goochland Courthouse Village, Oileville Village, Centerville Village, West Creek Area, Manakin Village, and River Road Communities all located east of the James River and bisected by the I-64.

**Location Characteristics**

- **PDC** – Richmond Regional PDC
- **UDA Size** – 32 square miles
- **Year Designated** – 2015

**Comprehensive Plan Detail** - Designated Growth Areas located generally on the eastern end of the County and in the Courthouse Village. The Designated Growth Areas identify where commercial and residential development should be concentrated. The advantages of delineating such areas include proactively planning and coordinating growth, reducing pressure to develop in rural areas, supporting cost effectiveness by utilizing existing and planned infrastructure, and facilitating private sector investment in infrastructure.

**Geographic Location**

UDA Needs Profile: All UDAs

Chesterfield County designated several UDA-like areas in 2015. The UDA-like areas incorporate mixed-use neighborhoods, connectivity of road and pedestrian networks, and high density residential.

Location Characteristics

- **PDC** – Richmond Regional PDC
- **UDA Size** – 23 square miles
- **Year Designated** – 2015

Comprehensive Plan Detail - The Chesterfield County Comprehensive Plan (2012) includes land use categories in Chapter 10 which meet the intent of Section 15.2-2223.1 of the Code of Virginia, including Regional Mixed Use, Community Mixed Use, Residential Mixed Use, Medium-High Density Residential, and High Density Residential. These land use categories incorporate principles of traditional neighborhood design such as interconnection of new local streets to existing streets, connectivity of road and pedestrian networks, preservation of natural areas, and mixed-use neighborhoods including affordable housing.
